Caring in the Carolinas: 2010 Annual Symposium on Geriatrics And Post-Acute Care

October 1 & 2, 2010
Marriott Executive Park
Charlotte, NC

Course Overview

This program is directed toward providers working in geriatrics and long-term care and will highlight issues that impact care of seniors across multiple practice settings. This one-day seminar will address topics including Wound Care, Diabetes, Hospice & End of Life Care, Parkinson's Disease, Current Literature Review, and LTC Billing and Coding Procedures. This conference will assist clinicians to improve their recognition of geriatric medical issues and to develop best practices aimed at reducing medical errors and improving consistency and quality of care.

Target Audience

This activity is designed for medical directors, attending physicians, mid-level practitioners, pharmacists, nurses, and others working and/or interested in long-term care.
